Subject index

A

Actin and myosin, immunohistochemical demonstration of, in glomus tumor of cheek (Saku et al.), 65
Adenomatoid hyperplasia of mucous salivary glands (Brannon, Houston, and Meader), 188
AIDS (acquired immunodeficiency syndrome), oral candidiasis possible forerunner of (Chandrasekar and Molinari), 532
  cytomegalovirus presence and salivary composition in acquired immunodeficiency syndrome (Marder, Barr, and Mandel), 372
  oral manifestation of disseminated *Mycobacterium avium intracellulare* in patient with (Volpe, Schwimmer, and Barr), 567
Alveolar bone loss, postextraction, prevention of, with HTR grafting material (Ashman and Bruins), 146
  ridge, maxillary, coexpression of keratin and desmin in carcinosarcoma involving (Ellis, Langloss, and Enzinger), 410
Amalgam, apical, electrochemical corrosion in failure of (Hohenfeldt, Aurelio, and Gerstein), 658
Ameloblastoma, cystic (Leider, Eversole, and Barkin), 624
Amelogenesis imperfecta, interradicular dentin dysplasia associated with (Nakata, Kimura, and Bixler), 182
American Academy of Oral Medicine, 566 (Announcement)
American Academy of Oral Pathology, proceedings of thirty-ninth annual meeting, 535
American Institute of Oral Biology, 348 (Announcement)
Anemia, severe aplastic, oral condition of patients with leukemia and (Heimdahl et al.), 498
Anesthesia equipment; microwave sterilization of nitrous oxide nasal hoods contaminated with (Young et al.), 581
  local dental, peripheral facial nerve paralysis after (Ling), 23
Anesthetic, Diprivan (ICI 35868, 2, 6, di-iso-prophylphenol), new intravenous (Pecaro and Houting), 586
  local, needle, root tip recovery via (Orr and Haworth), 158
Ankylosis, temporomandibular bony, posttraumatic extracapsular, between coronoid process and base of skull (Kreutz and Yamada), 577
Announcements, 130, 234, 348, 458, 566, 682
Anodontia, partial, deciduous tooth anomalies and, 230 (Roentgeno-oddities)
Antigens, intercellular substance, loss of, in oral hyperkeratosis, epithelial dysplasia, and squamous cell carcinoma (Bovopoulou, Sklavounou, and Laskaris), 648
  reactivity, oral mucosal, during exacerbation and remission phases of recurrent aphthous ulceration (Lindemann, Riviere, and Sapp), 281
Aphthous stomatitis, T-lymphocyte subset changes in recurrent (Savage, Seymour, and Kruger), 175
    with involvement of attached gingiva (Mintz and Smidansky), 122
  ulceration, recurrent, oral mucosal antigen reactivity during exacerbation and remission phases of (Lindemann, Riviere, and Sapp), 281
Apical surgery with dental microscope, 224 (Letter to editor)
Apicoectomy; healing and revascularization of apical periodontium and dental pulps in apicoectomized and nonapicoectomized tooth replants in monkeys (Castelli et al.), 571
  with retrograde amalgam, failure to heal following; electrochemical corrosion in failure of apical amalgam (Hohenfeldt, Aurelio, and Gerstein), 658
Arteriography, selective emergency, in cases of penetrating maxillofacial trauma (Kreutz and Bear), 18
Arthrographic diagnosis of temporomandibular joint, mandibular range of motion versus (Roberts et al.), 244
Articular cartilage of mandibular condyle, ultrastructure of: aging and degeneration (de Bont, Liem, and Boering), 631
  eminence, preumatized, 346 (Roentgeno-oddities)
Avulsion, intraoral; clinical observations regarding treatment of traumatically avulsed mature teeth (Matusow), 428

B

Bacterial endocarditis, gentamycin for prophylaxis of (Wynn), 159
Barodontalgia, diagnostic dilemma of (Senia, Cunningham, and Marx), 212
Blastogenesis; nonspecific immunity and head and neck cancer (Eskinazi et al.), 642
Blindness, monocular, developing 7 days after repair of zygomaticomaxillary complex fracture (Buckley et al.), 25
Bone, alveolar, prevention of postextraction loss with HTR grafting material (Ashman and Bruins), 146
  marrow transplantation, oral conditions after; oral condition of patients with leukemia and severe aplastic anemia (Heimdahl et al.), 498
    mucositis in patients undergoing (Seto et al.), 493
  scanning with ^{99m}technetium phosphate to assess condylar hyperplasia (Matteson et al.), 356
Book annotations, 457, 565
Breast carcinoma, metastatic, disguised as periapical disease in maxilla (Spott), 327
Buccal and mylohyoid nerves, unusual origins of (Jablonski et al.), 487
Bullet, biting; lead shot embedded in tooth, 347 (Roentgeno-oddities)

C

Calculus, submandibular, 347 (Roentgeno-oddities)
Calcific metamorphosis with internal resorption, 231 (Roentgeno-oddities)
Calcifying odontogenic cyst, clear cell change in (Ng and Siar), 417
Calcitonin treatment of direct exposures in dog, pulp response after (Cullum and Kline), 218
Cancer, head and neck, analysis of endodontic therapy in patients irradiated for (Seto et al.), 540
    nonspecific immunity and (Eskinazi et al.), 642
Candidiasis; oral complications of acute leukemia (McGaw and Belch), 275
    possible forerunner of acquired immunodeficiency syndrome (AIDS) (Chandrasekar and Molinari), 532
Carcinoma in situ, oral, clinical characteristics and treatment of (Amagasa et al.), 50

July, pp. 1-130; August, pp. 131-234; September, pp. 235-348; October, pp. 349-458; November, pp. 459-566; December, pp. 567-696.

Carcinoma—*Cont'd*
lobular (polymorphous low-grade), of minor salivary glands (Aberle et al.), 387
metastatic breast, disguised as periapical disease in maxilla (Spott), 327
squamous cell, monoclonal antibodies against (Eskinazi et al.), 377
of lip developing in discoid lupus erythematosus (Handlers et al.), 382
oral hyperkeratosis, and epithelial dysplasia, loss of intercellular substance antigens in (Bovopoulou, Sklavounou, and Laskaris), 648
Carcinosarcoma involving maxillary alveolar ridge, coexpression of keratin and desmin in (Ellis, Langloss, and Enzinger), 410
Cheek, glomus tumor of (Saku et al.), 65
tuberculous fistula of (Purohit et al.), 41
Chemotherapy; oral complications of acute leukemia (McGaw and Belch), 275
Chlorhexidine mouth rinse regimen, prophylactic impact of, in oral complications of acute leukemia (McGaw and Belch), 275
Clear cell change in calcifying odontogenic cyst (Ng and Siar), 417
Condylar hyperplasia, bone scanning with ^{99m}technetium phosphate to assess (Matteson et al.), 356
hypertrophy, unilateral, quantitative assessment of isotope activity in temporomandibular joint as means of assessing (Pogrel), 15
Condyle, duplication of, 456 (Roentgeno-oddities)
mandibular, assessment of position (Pullinger and Hollender), 329
metastatic tumors of (DeBoom et al.), 512
ultrastructure of articular cartilage of: aging and degeneration (de Bont, Liem, and Boering), 631
Congreso Internacional de Protesis Dental, fourth, 234 (Announcement)
Congreso Nacional, IV/IV Conferencia Internacional de Salud Bucal, 130 (Announcement)
Contrast agent, residual intracranial, 679 (Roentgeno-oddities)
Coronoid hyperplasia, bilateral, resulting in severe limitation of mandibular movement (Kreutz and Sanders), 482
process and base of skull, posttraumatic extracapsular temporomandibular bony ankylosis between (Kreutz and Yamada), 577
Corrosion, electrochemical, in failure of apical amalgam (Hohenfeldt, Aurelio, and Gerstein), 658
Cranial vault, residual contrast agent in, 679 (Roentgeno-oddities)
Craniofacial fibrous dysplasia, inherited (Pierce, Wilson, and Goss), 403
Craniofacial Society of Great Britain, 566 (Announcement)
Cyst, calcifying odontogenic, clear cell change in (Ng and Siar), 417
dermoid, of floor of mouth: lateral teratoid cyst with sinus tract in infant (Ohishi et al.), 191
median mandibular, and its endodontic significance (Tenca, Giunta, and Norris), 316
nasolabial, 118 (Roentgeno-oddities)
odontogenic, cystic ameloblastoma arising from lining of (Leider, Eversole, and Barkin), 624
Cytologic specimens, oral, starch artifacts in (Lovas et al.), 195
Cytomegalovirus presence and salivary composition in acquired immunodeficiency syndrome (Marder, Barr, and Mandel), 372

D

Degeneration and aging; ultrastructure of articular cartilage of mandibular condyle (de Bont, Liem, and Boering), 631
Dental clinic population, comparison of combinations of clinical and radiographic examinations in evaluation of (Galal, Manson-Hing, and Jamison), 552
hygiene programs, United States, dental radiology instructors in (Farman, Hunter, and Grammer), 335
radiology requirements in (Farman, Hunter, and Grammer), 341
management of drug-dependent patient (Friedlander and Mills), 489
of mentally retarded and developmentally disabled patient, Saul Kamen seminar on, 348 (Announcement)
materials, tooth discoloration induced by (Burgt and Plasschaert), 666
radiologic survey of Virginia and Florida (Kaugars, Broga, and Collett), 225
radiology, 103, 225, 329, 436, 546, 670
instructors in United States dental hygiene programs (Farman, Hunter, and Grammer), 335
structures in benign ovarian cystic teratomas (dermoid cysts) (Dick and Honoré), 299
Dentin dysplasia, interradicular, associated with amelogenesis imperfecta (Nakata, Kimura, and Bixler), 182
Denture-retaining properties of mandibular ridge; combined hydroxylapatite augmentation and lip-switch vestibuloplasty in mandible (Jensen), 349
Dermis grafting, intraoral (Pogrel), 598
Dermoid cyst of floor of mouth: lateral teratoid cyst with sinus tract in infant (Ohishi et al.), 191
Desmin and keratin, coexpression of, in carcinosarcoma involving maxillary alveolar ridge (Ellis, Langloss, and Enzinger), 410
Diagnosis and primary management of laryngeal trauma (Hartmann et al.), 252
arthrographic, of temporomandibular joint, mandibular range of motion versus (Roberts et al.), 244
comparison of combinations of clinical and radiographic examinations in evaluation of dental clinic population (Galal, Manson-Hing, and Jamison), 552
of acute maxillofacial infections: role of computerized tomography (Murphy, Ilacqua, and Bianchi), 154
of drug and chemical abuse; dental management of drug-dependent patient (Friedlander and Mills), 489
Diagnostic dilemma of barodontalgia (Senia, Cunningham, and Marx), 212
Diprivan (ICI 35868, 2, 6, di-isoprophylphenol), new intravenous anesthetic (Pecaro and Houting), 586
Discoloration, tooth, induced by dental materials (Burgt and Plasschaert), 666
Disk displacement; anterior repositioning splint in treatment of temporomandibular joints with reciprocal clicking (Lundh et al.), 131
Drug and chemical abuse; dental management of drug-dependent patient (Friedlander and Mills), 489
Dysplasia, epithelial, oral hyperkeratosis, and squamous cell carcinoma, loss of intercellular substance antigens in (Bovopoulou, Sklavounou, and Laskaris), 648
interradicular dentin, associated with amelogenesis imperfecta (Nakata, Kimura, and Bixler), 182
lichenoid (Krutchkoff and Eisenberg), 308

E

Electrochemical corrosion in failure of apical amalgam (Hohenfeldt, Aurelio, and Gerstein), 658
Embryonal rhabdomyosarcoma (Geiger et al.), 517
Endocarditis, bacterial, gentamycin for prophylaxis of (Wynn), 159
Endodontic filling materials; paste technique re-treatment study (Block, Pascon, and Langeland), 76
intrumentation, ultrasonic, in re-treatment of paste-filled endodontic tooth (Krell and Neo), 100

Endodontic—*Cont'd*
significance of median mandibular cyst (Tenca, Giunta, and Norris), 316
therapy in patients irradiated for head and neck cancer, analysis of (Seto et al.), 540
unusual, in deciduous incisors, 678 (Roentgeno-oddities)
treatment, conventional versus paste technique; paste technique re-treatment study (Block, Pascon, and Langeland), 76
of traumatically avulsed mature teeth, clinical observations regarding treatment of (Matusow), 94
Endodontics, 75, 201, 316, 420, 540, 658
Endomethasone; tissue reactions to two root canal sealers containing formaldehyde (Pitt Ford), 661
Epithelial dysplasia, oral hyperkeratosis, and squamous cell carcinoma, loss of intercellular substance antigens in (Bovopoulou, Sklavounou, and Laskaris), 648
Eruption of rootless teeth in congenital renal disease (Brin et al.), 61
European Association for Maxillo-Facial Surgery, 130 (Announcements)
Examinations, combinations of clinical and radiographic, comparison of, in evaluation of dental clinic population (Galal, Manson-Hing, and Jamison), 552

F

Facial nerve paralysis, peripheral, after local dental anesthesia (Ling), 23
pain, psychometric profiles and (Eversole et al.), 269
Fibroma, ossifying (Eversole, Leider, and Nelson), 505
Fibrous dysplasia, craniofacial, inherited (Pierce, Wilson, and Goss), 403
Fistula, tuberculous, of cheek (Purohit et al.), 41
Fixation, rigid, of maxillary osteotomies (Van Sickels, Jeter, and Aragon), 262
Flurbiprofen and methylprednisolone for inhibition of postoperative inflammatory response, evaluation of (Sisk and Bonnington), 137
Formaldehyde, root canal sealers containing, tissue reactions to two (Pitt Ford), 661
Fracture, jaw, 454, 677 (Roentgeno-oddities)
recurrent, of mandible, 562 (Roentgeno-oddities)
root; management of vertically fractured endodontically treated tooth (O'Reilly), 208
zygomaticomaxillary complex, monocular blindness developing 7 days after repair of (Buckley et al.), 25

G

Gentamycin for prophylaxis of bacterial endocarditis (Wynn), 159
Gingiva, attached, aphthous stomatitis with involvement of (Mintz and Smidansky), 122
stomatitis areata migrans affecting (Ralls and Warnock), 197
tendon collagen, and pulp, bovine, solvent action of sodium hypochlorite on (Nakamura et al.), 322
Gingival hyperplasia induced by nefedipine, arterial vasodilating drug (van der Wall, Tuinzing, and Hes), 38
Glomus tumor of cheek (Saku et al.), 65
Grafting, intraoral dermis (Pogrel), 598
material, HTR, prevention of alveolar bone loss postextraction with (Ashman and Bruins), 146
Granulocytopenic patient: another consideration for antimicrobial prophylaxis (Otis and Terezhalmy), 125
Granulomatosis, limited Wegener's (Hansen et al.), 524
Griseofulvin, treatment of lichen planus with (Bagan et al.), 608

H

Head and neck cancer, analysis of endodontic therapy in patients irradiated for (Seto et al.), 540
nonspecific immunity and (Eskinazi et al.), 642
myofascial pain syndrome of (Fricton et al.), 615
Healing and revascularization of apical periodontium and dental pulps in apicoectomized and nonapicoectomized tooth replants in monkeys (Castelli et al.), 571
Hemangioma, intramuscular, of mentalis muscle (Ingalls, Bonnington, and Sisk), 476
of maxillary sinus (Most), 485
Hemodialysis; intradental lesions and their reversal in patient being treated for end-stage renal disease (Hutton), 258
HTR grafting material, prevention of alveolar bone loss postextraction with (Ashman and Bruins), 146
Hydroxylapatite augmentation and lip-switch vestibuloplasty, combined, in mandible (Jensen), 349
for subperiosteal insertion; ridge form in preprosthetic surgery (Mercier), 235
Hygiene, dental, programs, United States, dental radiology instructors in (Farman, Hunter, and Grammer), 335
radiology requirements in (Farman, Hunter, and Grammer), 341
Hyperkeratosis, oral, epithelial dysplasia, and squamous cell carcinoma, loss of intercellular substance antigens in (Bovopoulou, Sklavounou, and Laskaris), 648
Hyperplasia, adenomatoid, of mucous salivary glands (Brannon, Houston, and Meader), 188
bilateral coronoid, resulting in severe limitation of mandibular movement (Kreutz and Sanders), 482
condylar, bone scanning with ^{99m}technetium phosphate to assess (Matteson et al.), 356

I

Image artifacts, comparison of dental xeroradiography and conventional film techniques for (Gratt, Sickles, and Littman), 546
layer, central plane of, determined experimentally in various rotational panoramic x-ray machines (Glass et al.), 104
radiographic, storage via laser optical disk technology (Southard), 436
Immunity, nonspecific, and head and neck cancer (Eskinazi et al.), 642
Immunohistochemical staining of Langerhans cells and macrophages in oral lichen planus (Regezi et al.), 396
Immunology, tumor; monoclonal antibodies against squamous cell carcinoma (Eskinazi et al.), 377
Implant, needle, 120 (Roentgeno-oddities)
prosthodontics techniques, symposium on, 348 (Announcement)
Incisors, deciduous, unusual endodontic therapy in, 678 (Roentgeno-oddities)
Infection in granulocytopenic patient: another consideration for antimicrobial prophylaxis (Otis and Terezhalmy), 125
maxillofacial, diagnosis of acute: role of computerized tomography (Murphy, Ilacqua, and Bianchi), 154
Inflammation, postoperative, evaluation of methylprednisolone and flurbiprofen for inhibition of (Sisk and Bonnington), 137
International Conference on Oral and Maxillofacial Surgery, ninth, 566 (Announcement)
International Symposium on Oral and Maxillofacial Surgery, 682 (Announcement)
Intracranial contrast agent, residual, 679 (Roentgeno-oddities)
Intradental lesions and reversal in patient being treated for end-stage renal disease (Hutton), 258

Irradiation; analysis of endodontic therapy in patients irradiated for head and neck cancer (Seto et al.), 540
Isotope activity in temporomandibular joint regions, quantitative assessment of, as means of assessing unilateral condylar hypertrophy (Pogrel), 15

J

Jaw, fractured, 454, 677 (Roentgeno-oddities)
position; intraoperative measurement of maxillary repositioning (Johnson), 266

K

Kamen, Saul, seminar, 348 (Announcement)
Keratin and desmin, coexpression of, in carcinosarcoma involving maxillary alveolar ridge (Ellis, Langloss, and Enzinger), 410
Ketoconazole, successful treatment of blastomycotic osteomyelitis of mandible with (Wagner, Varkey, and Head), 370

L

Langerhans cells and macrophages, immunohistochemical staining of, in oral lichen planus (Regezi et al.), 396
Laryngeal trauma, diagnosis and primary management of (Hartmann et al.), 252
Laser optical disk technology, radiographic image storage via (Southard), 436
stimulated luminescence, scanning, computed panoramic tomography with (Kashima et al.), 448
Letters to editor, 224, 604
Leukemia, acute, oral complications of: prophylactic impact of chlorhexidine mouth rinse regimen (McGaw and Belch), 275
and severe aplastic anemia, oral condition of patients with (Heimdahl et al.), 498
Leukoplakia, verrucous, proliferative (Hansen, Olson, and Silverman), 285
Lichen planus, oral, immunohistochemical staining of Langerhans cells and macrophages in (Regezi et al.), 396
prospective follow-up study of 570 patients with (Silverman, Gorsky, and Lozada-Nur), 30
treatment of, with griseofulvin (Bagan et al.), 608
sclerosus et atrophicus (Cavalcanti de Araújo et al.), 655
Lichenoid dysplasia (Krutchkoff and Eisenberg), 308
Lip, squamous cell carcinoma of, developing in discoid lupus erythematosus (Handlers et al.), 382
switch vestibuloplasty, combined hydroxylapatite augmentation and, in mandible (Jensen), 349
Lipoma of parotid gland (Houston and Brannon), 72
Lupus erythematosus, discoid, squamous cell carcinoma of lip developing in (Handlers et al.), 382
Lymphocyte, T, subset changes in recurrent aphthous stomatitis (Savage, Seymour, and Kruger), 175

M

Macrophages, immunohistochemical staining of Langerhans cells and, in oral lichen planus (Regezi et al.), 396
Mandible, blastomycotic osteomyelitis of: successful treatment with ketoconazole (Wagner, Varkey, and Head), 370
combined hydroxylapatite augmentation and lip-switch vestibuloplasty in (Jensen), 349
osteogenic sarcoma of, involvement of mandibular canal early sign of (Yagan, Radivoyevitch, and Bellon), 56
recurrent fractures of, 562 (Roentgeno-oddities)
sagittal split osteotomy of (Leonard et al.), 459
Mandibular advancement surgery (Smith, Moloney, and West), 467
Mandibular—*Cont'd*
asymmetry; quantitative assessment of isotope activity in temporomandibular joint regions as means of assessing unilateral condylar hypertrophy (Pogrel), 15
movement, bilateral coronoid hyperplasia resulting in severe limitation of (Kreutz and Sanders), 482
range of motion versus arthrographic diagnosis of temporomandibular joint (Roberts et al.), 244
Maxilla, metastatic breast carcinoma disguised as periapical disease (Spott), 327
Maxillary osteotomies, rigid fixation of (Van Sickels, Jeter, and Aragon), 262
repositioning, intraoperative measurement of (Johnson), 266
sinus, hemangioma of (Most), 485
Maxillofacial infections, acute, diagnosis of: role of computerized tomography (Murphy, Ilacqua, and Bianchi), 154
trauma, penetrating, selective emergency arteriography in cases of (Kreutz and Baer), 18
Measurement, intraoperative, of maxillary repositioning (Johnson), 266
Mentalis muscle, intramuscular hemangioma of (Ingalls, Bonnington, and Sisk), 476
Mesiodens in vault of palate; tooth eruption and migration theories, 604 (Letters to editor)
Methylprednisolone and flurbiprofen for inhibition of postoperative inflammatory response, evaluation of (Sisk and Bonnington), 137
Microscope, dental, apical surgery with, 224 (Letter to editor)
Microwave sterilization of nitrous oxide nasal hoods contaminated with virus (Young et al.), 581
Monoclonal antibodies against squamous cell carcinoma (Eskinazi et al.), 377
Mouth, floor of, dermoid cyst of: lateral teratoid cyst with sinus tract in infant (Ohishi et al.), 191
rinse, chlorhexidine, in prophylaxis of oral complications of acute leukemia (McGaw and Belch), 275
Mucositis, oral, in patients undergoing bone marrow transplantation (Seto et al.), 493
Mycobacterium avium intracellulare, disseminated, oral manifestation of, in patient with AIDS (Volpe, Schwimmer, and Barr), 567
Mylohyoid and buccal nerves, unusual origins of (Jablonski et al.), 487
Myofacial pain-dysfunction syndrome: psychometric profiles and facial pain (Eversole et al.), 269
Myofascial pain syndrome of head and neck (Fricton et al.), 615
Myosin and actin, immunohistochemical demonstration of, in glomus tumor of cheek (Saku et al.), 65

N

N2 paste; paste technique re-treatment study (Block, Pascon, and Langeland), 76
tissue reactions to two root canal sealers containing formaldehyde (Pitt Ford), 661
Nasolabial cyst, 118 (Roentgeno-oddities)
Needle implant, 120 (Roentgeno-oddities)
local anesthetic, root tip recovery via (Orr and Haworth), 158
Nerves, buccal and mylohyoid, unusual origins of (Jablonski et al.), 487
facial, peripheral paralysis after local dental anesthesia (Ling), 23
Nifedipine, gingival hyperplasia induced by (van der Wall, Tuinzing, and Hes), 38
NIH Consensus Development Conference on Health Implications of Smokeless Tobacco Use, 566 (Announcement)
NIH Consensus Panel reports, 130, 348 (Announcements)

Nitrous oxide nasal hoods contaminated with virus, microwave sterilization of (Young et al.), 581

O

Optical disk, laser, technology, radiographic image storage via (Southard), 436
Oral and maxillofacial surgery, second annual award for junior investigators in, 348 (Announcement)
candidiasis: forerunner of acquired immunodeficiency syndrome (AIDS)? (Chandrasekar and Molinari), 532
carcinoma in situ, clinical characteristics and treatment of (Amagasa et al.), 50
complications of acute leukemia: prophylactic impact of chlorhexidine mouth rinse regimen (McGaw and Belch), 275
condition of patients with leukemia and severe aplastic anemia (Heimdahl et al.), 498
cytologic specimens, starch artifacts in (Lovas et al.), 195
disease, possible role of papillomaviruses in (Scully, Prime, and Maitland), 166
lesions of lichen sclerosus et atrophicus (Cavalcanti de Araújo et al.), 655
unusual, 455 (Roentgeno-oddities)
lichen planus, prospective follow-up study of 570 patients with (Silverman, Gorsky, and Lozada-Nur), 30
manifestation of disseminated *Mycobacterium avium intracellulare* in patient with AIDS (Volpe, Schwimmer, and Barr), 567
medicine, 29, 159, 269, 372, 489, 605
mucosa, evaluation of method to study uptake of prednisolone sodium phosphate from different sites (Pimlott and Addy), 35
mucosal antigen reactivity during exacerbation and remission phases of recurrent aphthous ulceration (Lindemann, Riviere, and Sapp), 281
mucositis in patients undergoing bone marrow transplantation (Seto et al.), 493
pathology, 43, 175, 285, 387, 505, 624
surgery, 1, 131, 235, 349, 459, 567
Organization of Teachers of Oral Diagnosis, 121
Orofacial involvement secondary to trapezius muscle trauma (Giunta and Kronman), 368
Ossifying fibroma (Eversole, Leider, and Nelson), 505
Osteoarthrosis; ultrastructure of articular cartilage of mandibular condyle: aging and degeneration (de Bont, Liem, and Boering), 631
Osteodystrophy, renal; intradental lesions and their reversal in patient being treated for end-stage renal disease (Hutton), 258
Osteogenic sarcoma of mandible, involvement of mandibular canal early sign of (Yagan, Radivoyevitch, and Bellon), 56
Osteomyelitis, blastomycotic, of mandible: successful treatment with ketoconazole (Wagner, Varkey, and Head), 370
Osteoradionecrosis; analysis of endodontic therapy in patients irradiated for head and neck cancer (Seto et al.), 540
Osteotomy, LeFort; intraoperative measurement of maxillary repositioning (Johnson), 266
maxillary, rigid fixation of (Van Sickels, Jeter, and Aragon), 262
sagittal split, of mandible (Leonard et al.), 459
Ovarian cystic teratomas (dermoid cysts), benign, dental structures in (Dick and Honoré), 299

P

Pain, diagnostic dilemma of barodontalgia (Senia, Cunningham, and Marx), 212
facial, psychometric profiles and (Eversole et al.), 269
myofascial, syndrome of head and neck (Fricton et al.), 615
Panoramic radiographic analysis of Air Force basic trainees (Burgess), 113
x-ray machines, central plane of image layer determined experimentally in various rotational (Glass et al.), 104
effect of border sharpness on size and position of focal trough of (Paiboon and Manson-Hing), 670
Papillomaviruses: possible role in oral disease (Scully, Prime, and Maitland), 166
Parotid gland, lipoma of (Houston and Brannon), 72
salivary gland, spontaneous regeneration of, following juvenile recurrent parotitis (Galili and Marmary), 605
Parotitis, juvenile recurrent, spontaneous regeneration of parotid salivary gland following (Galili and Marmary), 605
Paste technique re-treatment study (Block, Pascon, and Langeland), 76
Patient, drug-dependent, dental management of (Friedlander and Mills), 489
granulocytopenic: another consideration for antimicrobial prophylaxis (Otis and Terezhalmy), 125
Pemphigus vulgaris, relationship between serum autoantibody titers and clinical activity of (Acosta, Gilkes, and Ivanyi), 611
Penicillin V, prophylactic use of, in teeth with necrotic pulps and asymptomatic periapical radiolucencies (Mata et al.), 201
Periapical disease in maxilla, metastatic breast carcinoma disguised as (Spott), 327
radiolucencies, asymptomatic, and necrotic pulps, prophylactic use of penicillin V in teeth with (Mata et al.), 201
Periodontal ligament origin of ossifying fibroma (Eversole, Leider, and Nelson), 505
Periodontium, apical, and dental pulps, healing and revascularization of, in apicoectomized and nonapicoectomized tooth replants in monkeys (Castelli et al.), 571
Prednisolone sodium phosphate, uptake of, from different oral mucosal sites, evaluation of method to study (Pimlott and Addy), 35
Prolactin binding in minor salivary gland tumors (Abbey and Witorsch), 44
Prophylaxis, antimicrobial, in granulocytopenic patient (Otis and Terezhalmy), 125
of bacterial endocarditis, gentamycin for (Wynn), 159
Psychometric profiles and facial pain (Eversole et al.), 269
Pulps, dental, apical periodontium and, healing and revascularization of, in apicoectomized and nonapicoectomized tooth replants in monkeys (Castelli et al.), 571
recuperative capacity of; intentional vital root transection (Hitchcock, Ellis, and Cox), 2
necrotic, prophylactic use of penicillin V in teeth with, and asymptomatic periapical radiolucencies (Mata et al.), 201
response after calcitonin treatment of direct exposures in dog (Cullum and Kline), 218
tendon collagen, and gingiva, bovine, solvent action of sodium hypochlorite on (Nakamura et al.), 322

R

Radiographic and clinical examinations, comparison of combinations of, in evaluation of dental clinical population (Galal, Manson-Hing, and Jamison), 552
image storage via laser optical disk technology (Southard), 436
Radiographs, transcranial, and linear tomograms: assessment of mandibular condyle position (Pullinger and Hollender), 329
Radiography, panoramic; analysis of Air Force basic trainees (Burgess), 113
rotational panoramic; central plane of image layer determined experimentally in various rotational panoramic x-ray machines (Glass et al.), 104

Radiology, dental, instructors in United States dental hygiene programs (Farman, Hunter, and Grammer), 335
practices; dental radiologic survey of Virginia and Florida (Kaugars, Broga, and Collett), 225
requirements in United States dental hygiene programs (Farman, Hunter, and Grammer), 341
RC2B paste; paste technique re-treatment study (Block, Pascon, and Langeland), 76
Renal disease, congenital, eruption of rootless teeth in (Brin et al.), 61
end-stage, intradental lesions and reversal in patient being treated for (Hutton), 258
Replantation; clinical observations regarding treatment of traumatically avulsed mature teeth (Matusow), 94, 428
of avulsed teeth with immature root development (Johnson, Goodrich, and James), 420
Replants, tooth, in monkeys, apicoectomized and nonapicoectomized, healing and revascularization of apical periodontium and dental pulps in (Castelli et al.), 571
Resorption, internal, calcific metamorphosis with, 231 (Roentgeno-oddities)
Re-treatment of paste-filled endodontic tooth, use of ultrasonic endodontic instrumentation in (Krell and Neo), 100
paste technique (Block, Pascon, and Langeland), 76
Revascularization and healing of apical periodontium and dental pulps in apicoectomized and nonapicoectomized tooth replants in monkeys (Castelli et al.), 571
Rhabdomyosarcoma, embryonal (Geiger et al.), 517
Ridge form in preprosthetic surgery (Mercier), 235
mandibular, denture-retaining properties of; combined hydroxylapatite augmentation and lip-switch vestibuloplasty in mandible (Jensen), 349
maxillary alveolar, coexpression of keratim and desmin in carcinosarcoma involving (Ellis, Langloss, and Enzinger), 410
Roentgeno-oddities, 118, 230, 454, 562, 677
Root canal sealers containing formaldehyde, tissue reactions of two (Pitt Ford), 661
development, avulsed teeth with immature, replantation of (Johnson, Goodrich, and James), 420
fracture; management of vertically fractured endodontically treated tooth (O'Reilly), 208
tip recovery via local anesthetic needle (Orr and Haworth), 158
vital, intentional transection (Hitchcock, Ellis, and Cox), 2

S

Salivary composition and cytomegalovirus presence in acquired immunodeficiency syndrome (Marder, Barr, and Mandel), 372
glands, minor, lobular (polymorphous low-grade) carcinoma of (Aberle et al.), 387
prolactin binding in tumors of (Abbey and Witorsch), 44
mucous, adenomatoid hyperplasia of (Brannon, Houston, and Meader), 188
parotid, spontaneous regeneration of, following juvenile recurrent parotitis (Galili and Marmary), 605
scintigraphy with ^{99m}Tc-pertechnetate, absolute indications for (van der Akker and Buseman-Sokole), 440
Sarcoma, osteogenic, of mandible, involvement of mandibular canal early sign of (Yagan, Radivoyevitch, and Bellon), 56
Scintigraphy, salivary gland, with ^{99m}Tc-pertechnetate, absolute indications for (van der Akker and Buseman-Sokole), 440
Sealers, root canal, containing formaldehyde, tissue reactions to two (Pitt Ford), 661
Serum autoantibody titers, relationship between, and clinical activity of pemphigus vulgaris (Acosta, Gilkes, and Ivanyi), 611
Sinus, maxillary, hemangioma of (Most), 485
tract, teratoid cyst with, in infant: dermoid cyst of floor of mouth (Ohishi et al.), 191
Sodium hypochlorite, solvent action of, on bovine tendon collagen, bovine pulp, and bovine gingiva (Nakamura et al.), 322
Splint, anterior repositioning, in treatment of temporomandibular joints with reciprocal clicking: comparison with flat occlusal splint and untreated control group (Lundh et al.), 131
Starch artifacts in oral cytologic specimens (Lovas et al.), 195
Sterilization, microwave, of nitrous oxide nasal hoods contaminated with virus (Young et al.), 581
Stomatitis, aphthous, T-lymphocyte subset changes in recurrent (Savage, Seymour, and Kruger), 175
with involvement of attached gingiva (Mintz and Smidansky), 122
areata migrans affecting gingiva (Ralls and Warnock), 197
Surgery, apical, with dental microscope, 224 (Letter to editor)
mandibular advancement (Smith, Moloney, and West), 467
preprosthetic, ridge form in (Mercier), 235
Surgical management of velopalatine clefts, avoidance of use of vomerine mucosa in primary surgical management of (Delaire and Precious), 589
Symposium on implant prosthodontics techniques, 348 (Announcement)

T

^{99m}Technetium-pertechnetate, salivary gland scintigraphy with, absolute indications for (van der Akker and Buseman-Sokole), 440
^{99m}Technetium phosphate, bone scanning with, to assess condylar hyperplasia (Matteson et al.), 356
Temporomandibular bony ankylosis, posttraumatic extracapsular, between coronoid process and base of skull (Kreutz and Yamada), 577
joint condylar surface, degenerative disease of; ultrastructure of articular cartilage of mandibular condyle: aging and degeneration (de Bont, Liem, and Boering), 631
conference, 234, 348 (Announcements)
disorders; assessment of mandibular condyle position (Pullinger and Hollender), 329
psychometric profiles and facial pain (Eversole et al.), 269
mandibular range of motion versus arthrographic diagnosis of (Roberts et al.), 244
regions, quantitative assessment of isotope activity in, as means of assessing unilateral condylar hypertrophy (Pogrel), 15
with reciprocal clicking, anterior repositioning splint in treatment of (Lundh et al.), 131
Tendon collagen, pulp, and gingiva, bovine, solvent action of sodium hypochlorite on (Nakamura et al.), 322
Teratoid cyst, lateral, with sinus tract in infant: dermoid cyst of floor of mouth (Ohishi et al.), 191
Teratomas, benign ovarian cystic (dermoid cysts), dental structures in (Dick and Honoré), 299
Tissue reactions to two root canal sealers containing formaldehyde (Pitt Ford), 661
T-lymphocyte subset changes in recurrent aphthous stomatitis (Savage, Seymour, and Kruger), 175
Tomograms, linear, and transcranial radiographs; assessment of mandibular condyle position (Pullinger and Hollender), 329
Tomography, computed panoramic, with scanning laser-stimulated luminescence (Kashima et al.), 448
computerized: diagnosis of acute maxillofacial infections (Murphy, Ilacqua, and Bianchi), 154
Tooth (teeth), avulsed, with immature root development, replantation of (Johnson, Goodrich, and James), 420

Tooth—*Cont'd*
deciduous, anomalies and partial anodontia, 230 (Roentgenoddities)
discoloration induced by dental materials (Burgt and Plasschaert), 666
eruption and migration theories; mesiodens in vault of palate, 604 (Letters to editor)
formation; dental structures in benign ovarian cystic teratomas (dermoid cysts) (Dick and Honoré), 299
paste-filled endodontic, use of ultrasonic endodontic instrumentation in re-treatment of (Krell and Neo), 100
rootless, eruption of, in congenital renal disease (Brin et al.), 61
traumatically avulsed mature, clinical observations regarding treatment of (Matusow), 94, 428
vertically fractured endodontically treated, management of (O'Reilly), 208
with necrotic pulps and asymptomatic periapical radiolucencies, prophylactic use of penicillin V in (Mata et al.), 201
Transection, intentional vital root (Hitchcock, Ellis, and Cox), 2
Transplantation, bone marrow; oral condition of patients with leukemia and severe aplastic anemia (Heimdahl et al.), 498
mucositis in patients undergoing (Seto et al.), 493
Trapezius muscle trauma, orofacial involvement secondary to (Giunta and Kronman), 368
Trauma; clinical observations regarding treatment of traumatically avulsed mature teeth (Matusow), 94
laryngeal, diagnosis and primary management of (Hartmann et al.), 252
penetrating maxillofacial, selective emergency arteriography in cases of (Kreutz and Bear), 18
posttraumatic extracapsular temporomandibular bony ankylosis between coronoid process and base of skull (Kreutz and Yamada), 577
trapezius muscle, orofacial involvement secondary to (Giunta and Kronman), 368
Traumatically avulsed mature teeth, clinical observations regarding treatment of (Matusow), 428
Tuberculous fistula of cheek (Purohit et al.), 41
Tumor, glomus, of cheek (Saku et al.), 65
immunology; monoclonal antibodies against squamous cell carcinoma (Eskinazi et al.), 377
metastatic, of mandibular condyle (DeBoom et al.), 512
minor salivary gland, prolactin binding in (Abbey and Witorsch), 44

U

Ulceration, recurrent aphthous, oral mucosal antigen reactivity during exacerbation and remission phases of (Lindemann, Riviere, and Sapp), 281
Ultrasonic endodontic instrumentation in re-treatment of paste-filled endodontic tooth (Krell and Neo), 100

V

Vasodilating drug, arterial; gingival hyperplasia induced by nifedipine (van der Wall, Tuinzing, and Hes), 38
Velopalatine clefts, avoidance of use of vomerine mucosa in primary surgical management of (Delaire and Precious), 589
Verrucous leukoplakia, proliferative (Hansen, Olson, and Silverman), 285
Vestibuloplasty, lip-switch, combined hydroxylapatite augmentation and, in mandible (Jensen), 349
Virus, microwave sterilization of nitrous oxide nasal hoods contaminated with (Young et al.), 581
Vomerine mucosa, avoidance of use of, in primary surgical management of velopalatine clefts (Delaire and Precious), 589

W

Wegener's granulomatosis, limited (Hansen et al.), 524

X

Xeroradiography, dental, and conventional film techniques, comparison of, for frequency and significance of image artifacts (Gratt, Sickles, and Littman), 546
X-ray machines, panoramic, effect of border sharpness on size and position of focal trough of (Paiboon and Manson-Hing), 670
rotational panoramic, central plane of image layer determined experimentally in various (Glass et al.), 104

Z

Zygomaticomaxillary complex fracture, monocular blindness developing 7 days after repair of (Buckley et al.), 25
